### GREEN CORPS STARTS ON PHILLIP ISLAND

With local Green Corps participants at Churchill Island, Phillip Island

Greg recently launched the Green Corps project on **Phillip Island** which will help rehabilitate habitat protection for both the Phillip Island Fairy Penguins and the shearwater birds local to Phillip Island.

The team will work with Greening Australia, the Phillip Island Nature Park rangers and community groups over the duration of the 6 month project.

### COMMUNITY AWARDS FOR LANG LANG ACHIEVERS

Greg was delighted to be able to present Flinders Community Awards to two great achievers for the **Lang Lang** community, Mr Gordon Sampson and Dr Orri Stewart.

A special presentation ceremony was held at the Lang Lang Community Centre where Greg and Cr Doug Hamilton presented the awards and outlined the outstanding achievements of both Mr Sampson, through his service in varying community organisations and Dr Stewart, as Lang Lang's longest serving doctor for almost 40 years.

### PROJECT UPDATE: KOO WEE RUP SECONDARY COLLEGE SCHOOL BUILDINGS NEAR COMPLETION

Peter Bottomley, Principal of **Koo Wee Rup** Secondary College, has informed Greg and Ken that the construction of the new school building is almost completed. With the School Administration building, the toilets and the locker rooms all completed, the school is waiting only for the completion of the kitchens, which is due to be opened after the school holidays, before the project is concluded.

Greg, with the past Principal Geoff Pledge, and Ken Smith, visited the site at Koo Wee Rup Secondary College at the early stages of construction in late 2005.
