

Greg Hunt MP - Working hard for our community

“Working together as a community we have achieved a lot over the last few years.

Important improvements to the Bass Highway have helped eliminate black spots making it safer. We have also invested over \$520,000 in the Regional Health Service in San Remo and delivered more than \$1.5 million annually in new funding for Warley nursing home.

I know there is still more to be done and I will continue to work hard for our local community with your support on October 9.”

Greg Hunt MP

Delivering:

- ✓ Over \$350,000 to help eliminate black spots on the Bass Highway.
- ✓ Cleaner beaches thanks to better treatment & re-use of waste and storm water on Phillip Island.
- ✓ \$529,129 for the Regional Health Service in San Remo to help Grantville, Corinella, Coronet Bay, the Island & the Hills.

Working hard for:

- ✓ A local aquatic centre.
- ✓ Reticulated natural gas.
- ✓ Protection of Warley hospital.
- ✓ Completion of the Grantville Medical and Service Centre which has \$250,000 in Commonwealth funding.

GREG HUNT MP

Working hard for Phillip Island and Bass Coast

“No-one could have worked harder to help local fishermen.”

Greg took the time and effort to fully understand the issues effecting our industry even before he was elected.

Since then Greg has made a terrific effort on our behalf. We have never had a politician follow through like Greg on issues on our behalf before.”
