Working hard to create opportunities for our kids

“Greg understands that our children are our future and has worked hard to create exciting new opportunities for our kids such as local literacy programs.

He has helped deliver \$9.7 million for a marine education centre for the Peninsula and Western Port, \$2 million for the Somerville Secondary College and also walked 500km to help raise funds for children with Juvenile Diabetes.”

Margaret Cockerell
Founder, West Park Primary's
Volunteer Literacy Program

Greg Hunt MP - Working hard to create opportunities for our kids

“Having grown up in the local community I understand the many challenges facing families in our area and in particular our children.

By working together we have achieved a lot for our kids, including \$9.7 million for a National Centre for Marine and Coastal studies, but we can still do more so please help me deliver new opportunities for our children on 9 October 2004.”

Greg Hunt MP

I am working hard to provide new opportunities for our children such as:

- ✓ \$9.7 million for marine education on the Peninsula and Western Port
- ✓ \$2 million for the Somerville Secondary and \$2 million for Dromana Secondary and more than \$2.3 million in recurrent funding for Newhaven College
- ✓ After school care at local primaries including San Remo, Crib Point, Red Hill, Eastbourne Primary and Balnarring
- ✓ Building upgrades for local schools including Tyabb Primary, St John the Baptist School in Koo Wee Rup, Tooradin Primary, Rye Primary and Bayside Christian College in Baxter
